Does It Add Up?

How good are you at arithmetic and numbers in the Bible? Can you figure this one out?

To the number of Commandments **add** the number of Disciples, and **add** the Tribes of Israel, then **subtract** the number of the Gospels, **divide** by the Wise Men or Kings and **add** the sheep that weren't lost, **take away** Jesus' days in the wilderness, then **total** the digits together.

What figure are you left with? If it's the same as mine it should be.....Answer at the bottom of the page.

89= 0+4-12+9+3+6+9+1+01

**YOU ARE INVITED TO JOIN US FOR A CUP OF TEA or COFFEE AFTER THE SERVICE.
Please take your last copy of the notices home with you**
